PRETTY WEDDING IN EPISCOPAL CHURCH

Miss Laura Clement Harper, Daughter of the Rector, Became Wife of Roy Boynton Miner.

Roy Boynton Miner and Miss Laura Clement Harper were married last evening at 8 o'clock at St. Michael's Episcopal church, Rev. Andrew Harper, Jr., father of the bride, performing the ceremony. The single ring service was used. The bride entered the church to the strains of the bridal march from Lohengrin, played by Miss Grace Pike, the church organist. They were preceded by two little flower girls, Miss Florence Harper, a sister of the bride, and Miss Doris Gibson, daughter of Judge and Mrs. E. W. Gibson. The flower girls wore white dresses and white lace caps and carried baskets of flowers.

The bride entered the church on the arm of Rev. A. C. Wilson of Bellows Falls, who gave her in marriage, and was met at the altar by the bridegroom and his attendant, Robert Barnaby. Her gown was white messaline with white chiffon and lace trimmings, and she carried a white sweet peas. She was attended by her sister, Miss Dorothy Harper, as maid-of-honor, who was dressed in pink silk with white lace and also wore a pink and white lace cap trimmed with pink roses.

The four bridesmaids were Miss Ruth Ripston of Schenectady, N. Y., who wore yellow silk and a yellow and white lace cap, Miss Mabel Conkling of Robert, N. Y., who was dressed in pale blue silk with blue and white lace cap, Miss Evelyn Emerson of Brattleboro, who wore pale green silk with blue lace. They all carried white asters. The ushers were John Trotter and Donald Trotter of Philadelphia, and S. F. Brooke Moore and Harold Miner of this town, the latter a brother of the bridegroom.

The church was beautifully decorated with aspidodora green and hydrangeas and the altar was trimmed with white asters. Immediately after the ceremony a reception was held at the home of the bride's parents on Tyler street, to about 90 invited guests. The house was very prettily decorated with asters and aspidodora green. Refreshments were served by the four bridesmaids. Mr. and Mrs. Miner received some very handsome wedding gifts, including cut glass, silver, china and linen.

Mrs. Miner is the eldest daughter of Rev. and Mrs. Andrew Harper, Jr., and has lived in town the past five years, her father being rector of St. Michael's Episcopal church. She graduated from the high school in the class of 1911. Mr. Miner is a son of Mr. and Mrs. Sylvester Miner of Vine street and has lived here all his life. He graduated from the high school in the class of 1911 and went one year to the University of Vermont. For several years he took a prominent part in athletics. He now has a position with the General Electric company at Schenectady, N. Y., where they will make their home. After a short wedding trip they will go to Schenectady.

IDEAL OPENING OF BIRD SEASON

Brattleboro Men Report Good Bag — Fewer Licenses Issued This Year — Relying by Commissioner.

Yesterday was an ideal day for the opening of the bird hunting season and many local sportsmen made trips to the woods in this locality. Partridge are more plentiful this fall than for a number of years, but on account of the dry weather they are scattered. Woodcock also are difficult to find on account of the lack of the usual spring holes. The thick foliage makes hunting difficult at this time of year, as does also the dry condition of the underbrush. The best bag reported yesterday was that secured by Dr. G. F. Barber and son, Lawrence, Dr. C. R. Aldrich and C. A. Harris. They brought in 12 partridge and five woodcock after a day spent in the vicinity of Westminster.

At the town clerk's office it is announced that the number of hunting licenses issued this year is about 120, which is smaller than the number issued last year. The number is likely to be increased, however, as many hunters prefer to wait until the leaves fall. An interpretation of the license law recently made by the state fish and game commissioner may result in a smaller number of licenses being issued, although the effect in Brattleboro will not be as great as in Barre and places where there is a large foreign population. His opinion is that a resident of a town or city, if he is not a citizen, shall be compelled to pay a non-resident hunting license of \$5. Under the old interpretation, any resident was allowed to hunt upon paying the 75c fee, but now the smaller fee is only for citizens. Hence a large number of persons who have lived in Barre many years without taking out naturalization papers are obliged to pay the same license fee that a visitor from outside the state is charged. The change has resulted in having a good many hunters who would be entitled otherwise to a hunting permit for 75 cents.

Among the birds and other game that may be hunted on and after Sept. 15 are hares, and rabbits, quail, and grouse (partridge), woodcock, English snipe, shore birds and game squirrels. Not more than five rabbits or partridges may be taken in a single day.

His Lesson Learned.

A dachshund had been tried and found guilty of murder, and was sentenced to be hung. The time for the execution had arrived, and the condemned Negro was led to the scaffold.

"Rastus," said the sheriff, "have you anything to say before the sentence of the law is carried into execution?"

"No, boss," replied the prisoner. "I ain't no speechifier, but I sartinly believes dis an gyaline to be a lesson to me!"—Philadelphia Telegram.

The Wild West show property was sold by auction in Denver last week. Friends of Col. Cody saw to it that the colonel's favorite white horse, which he had ridden for nearly 25 years, was not disposed of. It was arranged that one of them should bid in the house. This was carried out, but the plan was somewhat unfortunate, as an Indian, who desired to purchase the horse to present it to its old owner, raised the price to a high figure, not knowing that he was bidding against friends of the colonel who had the same object in view.

Soiled Clothing Is Cleaned Best With Carbonol.

CARBONOL is a powerful disinfectant and a few teaspoonfuls of it in the tub will help greatly in the cleaning. It will kill all germs; remove stains and make the work easier.

That, however, is only one use of Carbonol. Carbonol has many other uses. It is more necessary to the housekeeper than soap. It will do all the work that soap can do and a great deal more, because it has the power to kill germs and dissolve grease.

It should be used in general house-cleaning. A dash of it in the water that you use in scrubbing floors and washing down woodwork will make every drop of water an effective disinfectant.

In the kitchen it will help in cleaning greasy dishes and pans, and it

will keep the waste pipes clear of grease. It will suppress odors in garbage and keep away the flies; it will clean the garbage can after it has been emptied; it will remove stains on woodwork or cloth; brighten dingy rugs.

In case of contagious diseases Carbonol should be used constantly and frequently to wash sickroom utensils and all bed linen and clothing of the patient.

The uses of this powerful product are simply endless.

We will send a free sample to experiment with and a booklet of directions for its use.

THE GROUND GRIPPER SHOE

PAT. FEB. 14, 1911.

Follow the Arrows to
FOOT COMFORT

"FLAT-FOOT"

Cured by muscular action. Plates can be discarded. We have cured thousands of their foot troubles. Come and see this patented shoe. The arch takes care of itself.

FOOT HEALTH

As Applied to SHOES. Original muscular action shoe strengthens weak ankles, allows nature to relocate distorted feet. Pivot Rubber Heels give the body balance. Examine the Patented Shoe.

GROUND GRIPPER

Do your feet ache? Then wear this patented shoe which allows the arch to become strong, the muscles active, the body weight to fall on the outside of the foot, and with the pivot heel the toes swing forward, which cures all foot troubles and flat foot. Shoes with stiff arches are at fault. "Long inside" heels and plates are a "prop" and can be discarded at once. Men, women and children can walk and run as in childhood with comfort and health. We can give you comfort and cure not possible in any other shoe in the United States. One doctor writes: "I have used the Ground Gripper with unsurpassed results in conditions of weakened muscles and ligaments of the foot, broken arches and nerve affections, due to faulty position of the foot in walking." BANKRUPT SALE

GAMES OF ALL DESCRIPTIONS.

Having bought the entire stock in the former W. H. Geddis store, we will sell practically everything at less than half price and many things ridiculously cheap. The stock consists of 500 pictures, including many hand paintings in water colors and oil, steel engravings and etchings, framed and unframed; dolls, pads and stationery of all kinds, Bibles, books, pocket books, ladies' leather bags, hand mirrors, 25,000 postcards and many other things too numerous to mention.

We must sell this stock at once to make room for our new line of stationery, and our full line of PLANTS AND CUT FLOWERS. The sale will begin THURSDAY SEPTEMBER 18, at 8 o'clock a. m., and will continue until September 27, or until the goods are sold. The goods and prices must be seen to be appreciated.

Come early and take advantage of our great bargains. A good time to buy Christmas presents for the whole family.

Hopkins, The Florist, 117 Main St.

The New Rooms

FOR THE USE OF
CUSTOMERS OF

The Brattleboro Trust Company

HAVE BEEN ADDED.

A large room where meetings may be held or that out-of-town customers may use for a waiting room, will be at the disposal of the bank's friends.

Two private rooms for the use of the customers who rent Safe Deposit Boxes complete the equipment of the bank.

You are invited to inspect these improvements.

We direct the attention of lovers of Fine Confectionery to our line of

Astoria Chocolates

They are built on honor and attractively boxed. We are confident that a trial will convince you of their superior quality.
